

LION PLY™ LAMCORE PANELS

LIONPLY™ LAMCORE PANELS

From Western Canada's premier wood products supplier comes LIONPLY™ LAMCORE PANELS.

Sourced directly from superior mills in China, Formations LIONPLY™ LAMCORE PANELS simply *exceed* your expectations of laminated import panels.

LIONPLY™ LAMCORE PANELS are consistent, sound and stable plywood panels. Each panel face is sanded, sound and clear; produced using high quality reconstituted poplar veneer.

Standard substrate is our stable LIONPLY™ poplar core. Other substrate choices are available upon request.

LIONPLY™ LAMCORE PANELS are the perfect choice for a stable lamination platform, be it for HPL(High Pressure Laminate) or real wood veneer applications.

LIONPLY™ LAMCORE PANELS are E0 Emission, as well as CARB & TSCA VI compliant. FSC® certified panels can be ordered upon request.
