

VERSATILE & FUNCTIONAL

Dry-Erase markerboard offers a durable, high gloss dry-erase surface that cleans up instantly, making it ideal for meeting and training rooms in the office, school classrooms, and other workhorse environments. Dry-Erase markerboard is available in all Formica® Brand Laminate colors in Gloss finish.

Specialty markerboard collection provides multi-purpose surface materials that are both dry-erase and magnetic to meet all your communication needs. Items include: solid color Crystal White and Gray, Grid Points—precision dot pattern for writing or drawing, Projection White with a matte finish—ideal to use as projection screen, Black Magnetic Chalkboard or make any Formica Brand Laminate magnetic using the Non-Decor Magnetic board.
